***The Lights of Christmas* announces a new format for a different kind of year.**

November 2020, Stanwood, WA – Bringing the joy of Christmas into the hearts of the western Washington community is always *The Lights of Christmas*' goal. 2020 is no different. After much consideration, the decision was made to reformat to A Drive-Thru Christmas for this year.

This decision was made out of consideration for the safety of guests and the service-centered hearts of *The Lights of Christmas* team. Switching to the drive-thru format for 2020 was the only way to be sure the event would operate within current CDC, state, and local safety guidelines.

The drive-thru route is a little over a mile long and includes areas of the grounds at Warm Beach Camp which have not previously been part of *The Lights of Christmas* festival. Many displays are redesigned, and several new ones created to dazzle the imagination. All the iconic displays associated with *The Lights of Christmas* will still be included throughout the drive, some of them may just be in new locations.

The event will also continue to have hot-fresh mini donuts, kettle corn, and coffee and hot cocoa available for purchase all drive-thru style. Santa, and costume characters will also still make an appearance along the drive!

There's a new admission process this year. Reservations need to be made in advance through the website for a specific day and hour. This ensures a limited number of cars in the event at any given time, to provide the best experience for everyone.

Opening night is the day after Thanksgiving, November 27, and the event runs for 26 select nights through December 30. Reservations are available now at www.TheLightsofChristmas.com.
